Docket No. 99D-0557

Crosss species transplants are wrong and very dangerous. The human immune system is not the same as a pig or for that matter any animal. We need to promote human transplants-and organ donations.

The Department of Health and Human Services must ban xenotransplantation immediately. They don't work.

**"The greatness of a nation and its moral progress can be judged by the way its animals are treated."
Mahatma Gandhi**

Sincerely,

Linda Kifer-Borgen and family
